Investigator

**Job/Fellowship Reference:** Atmospheric and Physics Sciences - Project Infraestrutura INIESC - CER-01

**Main research field:** Not available

**Sub research field:**

#### Job summary:

By decision of Professor Ana Maria Costa Freitas, Rector of the University of Évora, in October 10th 2019, it was deliberated to open an international selection tender for a Researcher position for the exercise of research activities in the scientific fields of Atmosphere Sciences and Physics in a fixed-term public service work contract regime with the duration of three years. The research to be developed by applicant aims the scientific management of both research infrastructure and activities in optical and thermal testing of solar concentrators. The activities will be developed within the scope of the following ongoing projects in the Renewable Energy Chair: INIESC Infraestrutura, EERES4WATER | ATLANTIC INTERREG, GRECO | H2020, POCYTIF | H2020 and SFERA III | H2020. The applicant may be in charge of teaching hours up to a maximum of 4 hours a week, in the units that will be distributed.

#### Job description:

Universidade de Évora, Aviso (extrato) nº 19702/2019, de 9 de dezembro. 1. By decision of Professor Ana Maria Costa Freitas, Rector of the University of Évora, in October 10th 2019, it was deliberated to open an international selection tender for a Researcher position for the exercise of research activities in the scientific fields of Atmosphere Sciences and Physics in a fixed-term public service work contract regime with the duration of three years. The research to be developed by applicant aims the scientific management of both research infrastructure and activities in optical and thermal testing of solar concentrators. The activities will be developed within the scope of the following ongoing projects in the Renewable Energy Chair: INIESC Infraestrutura, EERES4WATER | ATLANTIC INTERREG, GRECO | H2020, POCYTIF | H2020 and SFERA III | H2020. The applicant may be in charge of teaching hours up to a maximum of 4 hours a week, in the units that will be distributed. 2. Applicable Legislation: Decree-Law no. 57/2016, 29 th August, amended by Law No. 57/2017 of 19 th July, which approved the doctorate hiring regime aimed at stimulating scientific and technological employment for all knowledge areas (RJEC). General Public Service Labour Law (LTFP), approved in annex to Law no. 35/2014 of 20 th June, under its current wording. 3. Pursuant to article 16 of Decree-Law no. 57/2016 of 29 August, this tender procedure shall be exempt from the authorization given by the Government members in charge for Finances and Public Administration, namely the authorization mentioned on no. 3 of article no. 7 of LTFP; and from obtaining a prior favourable opinion from said Government members, mentioned on no. 5 of article no. 30 of LTFP, and the recruitment process for workers in a requalification position, mentioned on article no 265 of LTFP. 4. Pursuant to article no. 13 of RJEC, the tender selection panel shall be formed by: President: Dr. Pedro Horta, Chairman of the Renewable Energies Chair - University of Évora; Members: Dr. Maria João Carvalho, Researcher at LNEG - Laboratório Nacional de Energia e Geologia (Portugal); Dr. Klaus Hennecke, Researcher at DLR - Deutsche Zentrum für Luft- und Raumfahrt e.V.; Dr. Loreto Valenzuela, Researcher at CIEMAT - Centro de Investigaciones Energéticas, Medioambientales y Tecnológicas (Spain). 5. The workplace shall be at the University of Évora - in the Renewable Energies Chair, more specifically in its research infrastructure at Herdade da Mitra. 6. Considering the level of required competencies and experience, the monthly salary has correspondence with Level 1 of the Salary Table for a Full-time Auxiliar Researcher in exclusivity, 3 191,82 €, according with Decree-Law N.º 57/2016 and with the Regulatory Decree n.º 11-A/2017. 7. Can apply to the tender any national, foreign and stateless candidate(s) who hold a doctorate degree in Physics, Mechanics, Energy, Earth Sciences or domains related to the development and testing of Solar Thermal Concentrators and holders of a scientific and professional curriculum that reveals a profile appropriate to the activity to be developed, with: - Minimum experience of five years in solar thermal collector testing activities, with preference given to the testing of solar concentrators with different HTFs; - Knowledge of standardisation initiatives and international standards applicable in this field; - Knowledge of the requirements for the accreditation process of solar collector testing infrastructures. If the PhD has been awarded by a foreign higher education institution, the candidates are admitted to the procedure, according to paragraph e) of paragraph 2 of article 4 of Decree-Law nº 60/2018, of 3 th August. The registration/recognition of the degree in

Portugal is effected aer the end of the tender, under the terms defined in Decree-Law nº 66/2018, of 16 th August; that registration/recognition is a necessary step for contracting. 8. General tender admission requirements are those set by article 17 of LTFP and special requirements set by the previous section 9. Pursuant to article 3 of RJEC, selection is to be made based on candidate scientific and curricular career evaluation. 10. Scientific and curricular career evaluation focuses on relevance, quality and up-to-dateness: a) Of the scientific, technological, cultural or artistic production of the last 5 years considered most relevant by the candidate; b) Applied or practice-based research activities carried out in the last 5 years and considered by the candidate as having the greatest impact; c) The activities of extension and dissemination of knowledge developed in the last 5 years, namely in the context of the promotion of culture and scientific practices, considered of greater relevance by the candidate; d) The activities of management of science, technology and innovation programmes, or experience in observing and monitoring the scientific and technological system or higher education, in Portugal or abroad. 11. The five-year period mentioned above can be extended by the panel, if requested by the candidate, whenever the suspension of scientific activities is founded on socially protected grounds such as paternity leave, long-term serious illness, and other legal situations of unavailability to work. 12. The evaluation criteria are: a) scientific performance over the last 5 years; b) applied or practice-based research activities carried out in the last 5 years; c) extension and dissemination of knowledge activities developed in the last 5 years; d) other relevant activities; e) Public presentation of the admitted candidates, by determination of the jury. In applying these criteria, the following parameters and weighting factors shall be assessed: Criterion (a) with a weighting factor of 50%, which comprises: a1) publications in journals, considering the quality of the publications, and assessing the intrinsic quality of their scientific content; a2) chapters of books with ISBN. Criterion b) with a weighting factor of 20%, which includes: b1) research experience, considering participation and leadership in research projects; b2) post-graduate experience. Criterion c) with a weighting factor of 20%, which comprises: c1) knowledge and technology transfer experience; c2) organization and participation in conferences; c3) experience of orientation and participation in academic examination juries. Criterion d) Other Relevant Activities, with a weighting factor of 5%. Criterion e) Public presentation with a weighting factor of up to 5% of the overall weighting. In all cases, relevance will be given to indicators and activities that fall within the area of development of solar concentrators, the methodologies for their thermal and optical characterisation testing and related experimental work, as referred to in point 1. 13. The final classification system for the candidates shall be based on a scale of 0 to 100. 14. The panel shall deliberate by means of roll-call vote justified under adopted and disclosed selection criteria, with no abstentions allowed. 15. Minutes of panel meetings shall be executed and shall include a summary of all occurrences of said meeting, as well as of all votes cast by the members and respective reasoning, and shall be provided to candidates whenever required. 16. Are selection criteria application, the panel shall prepare a sorted list of approved candidates and respective classification. 17. Panel's final decision shall be validated by the leader of the institution, who is also in charge of deciding about the hiring. 18. Application formalization: a) Applications are formalised upon application file, made available on the electronic page of Administrative Services of the University <http://sadm.uevora.pt>, sent to the President of the Jury, including announcement identification (Refª CER-01), full name, parents' names, ID card, or Citizen Card number and date, or civil identification number, taxpayer ID number, date and place of birth, marital status, occupation, residence and contact address, including email address and telephone. b) Applications shall include all supported documents encompassed by section 7 and 8 for tender admission, namely: a) Certificate or diploma copy; b) Doctorate thesis; c) Curriculum vitae, detailed and structured pursuant to sections 10 and 12; d) Other documentation the candidate may find relevant. c) Candidates shall submit their application files and supporting documentation, preferably in a digital form, in PDF format, via email to [drhsc@uevora.pt](mailto:drhsc@uevora.pt), or in person at the Universidade de Évora – Divisão de Recursos Humanos (DRH), Serviços Administrativos, Largo da Sr.ª da Natividade, Apartado 94, 7002-554 Évora, Portugal, during working hours, or by mail to the address. When submitted by mail, applications must be sent by registered mail with acknowledgement of receipt sent until the last day of application deadline, which is hereby set as the period of 30 working days aer the publication of this Announcement. 19. All candidates who formalise their applications in an improper way or fail to prove the requirements imposed by this tender are excluded from admission. In case of doubt, the panel is entitled to request any candidate to present further documentation supporting their statements. 20. False statements provided by the candidates shall be punished by law. 21. Both admitted and excluded candidate list and final classification list will be affixed at the website of <http://www.sadm.uevora.pt> and all candidates shall be notified by email with delivery receipt. 22. Preliminary Hearing and Final Decision Deadline: Pursuant to article 121 of the Administrative Procedure Code, aer notified, all candidates have 10 working days to respond. Panel's final decisions are pronounced within a period of 90 days, from application deadline. 23. This tender is exclusively destined to fill this specify vacancy and can be terminated at any time until approval of final candidate list, expiring with the respective occupation of said vacancy. 24. Non-discrimination and equal access policy: The University of Évora, actively promotes a nondiscrimination and equal access policy, wherefore no candidate can be privileged, benefited, impaired or deprived of any rights whatsoever, or be exempt of any duties based on their ancestry, age, sex, sexual preference, marital status, family and economic conditions, instruction, origin or social conditions, genetic heritage, reduced work capacity, disability, chronic illness, nationality, ethnic origin or race, origin territory, language, religion, political or ideological convictions and union membership. 25. Pursuant to Decree-Law no. 29/2001 of 3 February, disabled candidates shall be preferred in a situation of equal classification, and said preference supersedes any legal preferences. Candidates must declare, on their honour, their respective disability degree, type of disability and communication/expression means to be used during selection period on their application form, under the regulations above. November 11th 2019, Maria Cesaltina Frade, Administrator of University of Évora.
