Aviso (extrato) n.º 19537/2021 de 15 de outubro

1. By order dated August 19th 2021 of the Rector of the University of Évora, it was deliberated to open an international selection contest for the position of doctor for the exercise of scientific research activities in the scientific area of Geology under a fixed term public service work contract regime with the duration of three years, possibly renewable for periods of one year up to a maximum duration of six years, pursuant to Decree-Law No. 57/2016, of 29 August and the Regulation for the Evaluation of the Performance of Doctoral Researchers at the University of Évora, published by Order No. 7123/2019 (2nd series), of August 9, for the purposes provided for in the first clause, in order to carry out the functions of researcher in the area of Carbon Capture and Storage (CCS), in the project PilotSTRATEGY .

The selected candidate may have to ensure 4 hours of weekly classes in curricular units that may be distributed to them.

2. Applicable legislation: Decree-Law no. 57/2016 of 29th August, which approves the doctor hiring regime destined to stimulate scientific and technological employment in all areas of knowledge (RJEC). General Public Service Labour Law (LTFP), approved in annex to Law no. 35/2014 of 20 June, under its current wording.

3. Pursuant to article 16 of Decree-Law no. 57/2016 of 29th August, this contest procedure shall be exempt from authorization by the Government members in charge of the areas of Finances and Public Administration, namely that mentioned in nº 3 of article 7 of the LTFF; from obtaining a prior favourable opinion from the Government members in charge of the areas of Finances and Public Administration, mentioned in nº 5 of article 30 of the LTFF, and the recruitment process for workers in a requalification position, mentioned in article 265 of the LTFF.

4. Pursuant to article 13 of the RJEC, the contest selection panel has the following composition:

President: Ana Maria da Costa Freitas – Magnific Rector of the University of Évora.

Members:

Carlos Alexandre da Silva Ribeiro, – Assistant Professor of the Department of Geosciences, University of Évora;

Luís Menezes Pinheiro, Associate Professor, of the Department of Geosciences, University of Aveiro;

Pedro António Gancedo Terrinha, Assistant Investigator, Head of the Division of Marine Geology and Georesources of Portuguese Institute of Sea and Atmosphere; Invited Assistant Professor, Department of Geology, Faculty of Sciences, University of Lisbon.

5. The place of work is situated in Universidade de Évora – IIFA – ICT – Institute of Earth Sciences – Palácio do Vimioso.

6. The monthly remuneration to be paid is 2 134,73€ corresponding to level 33 of the Single Salary Table, approved by Order no. 10-B/2020 of 20 th March.

7. Any national, foreign and stateless candidates who hold a doctorate degree in Geology, Geological Engineering, Petroleum Engineering or Geophysics with a PhD dissertation in Earth Sciences, specifically in Interpretation and Processing of Seismic Reflection Data and Basin Analysis, and a scientific and professional curriculum whose profile is suited with the conditions below and for the activity to be performed can submit their applications:

- Research experience, including participation in research projects in the scientific area of Carbon Capture and Storage (CCS);
- Experience in preparing applications for competitive financing at national and European level.
- Promotion of actions with public and private institutions within the scope of CCS.

If the PhD has been awarded by a foreign higher education institution, the candidates are admitted to the procedure, according to paragraph e) of paragraph 2 of article 4 of Decree-Law nº 60/2018, of 3 th August and the registration/recognition of the degree in Portugal to be effected after the end of the tender, under the terms provided for in Decree-Law nº 66/2018, of 16 th August, and is only necessary in the act of contracting.

8. General contest admission requirements are those specified in article 17 of the LTFP and special requirements are those specified in the previous section.

9. Pursuant to article 5 of the RJEC, selection is to be made based on the evaluation of the scientific and curricular career of the candidates.

10. The evaluation of the scientific and curricular career focuses on relevance, quality and up-to-dateness:

- a) Of the scientific, production in the last five years, deemed most relevant by the candidate and within the area of the scientific area of the contest;
- b) Of research activities, applied or based on practical work, developed in the last five years, and considered of greatest impact by the candidate and within the area of the scientific area of the contest;
- c) Of knowledge extension and dissemination activities developed in the last five years, namely in the context of the promotion of culture and scientific practices, considered of greatest relevance by the candidate and within the area of the scientific area of the contest;
- d) Of science, technology and innovation programme management activities, or experience in observing and monitoring the scientific and technological or higher education system in Portugal or abroad.

11. The five-year period mentioned above can be extended by the panel, if requested by the candidate, whenever the suspension of scientific activities is founded on socially protected grounds such as paternity leave, long-term serious illness, and other legal situations of unavailability to work.

12. Evaluation Criteria:

- a) Scientific production in the last 5 years;
- b) Applied or practice-based research activities carried out in the last 5 years;
- c) Activities of extension and dissemination of knowledge developed in the last 5 years;
- d) Other relevant activities;
- e) Public presentation of the admitted candidates as determined by the jury.

In the application of the criteria referred, the following parameters and weight factors are evaluated:
