

Transversal skills for the internationalization of Young Researchers through EU Projects

EUGREEN Universities European Alliance is pleased to announce the upcoming Blended Intensive Program (BIP) on Transversal Skills for the Internationalization of Young Researchers through EU Projects.

This comprehensive training program, tailored for doctoral students and novel researchers, is designed to provide participants with diverse skills set crucial for their academic and professional growth in a globalized world.

The program is divided into three core modules: "Self-promotion and Communication Skills," "Project Idea Conceptualization and Transversal Contents in EU Projects," and "Sustainability in EU Projects." Here, we provide a brief overview of each module and its significance in fostering global thinkers and ethically responsible researchers.

Coordinating University: University of Extremadura (Spain)

Co-organizing Universities: University of Évora (Portugal); University of Oradea (Romania) and University of Angers (France)

The program includes a VIRTUAL attendance period (1 day a week on Tuesday from 15pm to 19PM CET) from May 2nd to June 30th, 2024; IN-PERSON attendance period in a beautiful place in the middle of the countryside in the north of Extremadura (Spain): July 1st to July 5th, 2024.

Admission Profile: PhD students and early career researchers.

Conditions for Admission:

Be a student enrolled in one of the 9 EU GREEN universities or EU GREEN Ukrainian associated partner universities.

Be a Master, or Doctoral Programme level student, provided they are enrolled at their home university throughout the entire period of the BIP

Be a young researcher with employment contract with one of the 9 Universities of the Alliance.

If a selection needed, the selection criteria will be:

1. Alignment of the research field to the EU Green clusters (Up to 3 points)
2. Evaluation of the Motivation goals to be aligned to (Up to 3 points)
3. Potential of leverage of the profile to external competitive EU funds (Up to 3 points)

There will be two periods of revisions, the first one on the 15th of March and a second one at the end of the opening period of submission.

Financial Support: Participation in the Blended Intensive Programme may be covered by an ERASMUS+ SMS Short Mobility Grant for their own University.

This financial support may only be guaranteed by the selected student's home University.

It is needed to refer to each local coordinator or Erasmus/International Relations Office to confirm

the availability of the financial support for the participation.

Registration here: <https://forms.office.com/e/ks8Q1rdpAS>

Data limite: 29 Março 2024
